

Doodlebug Times 1983

Volume 31

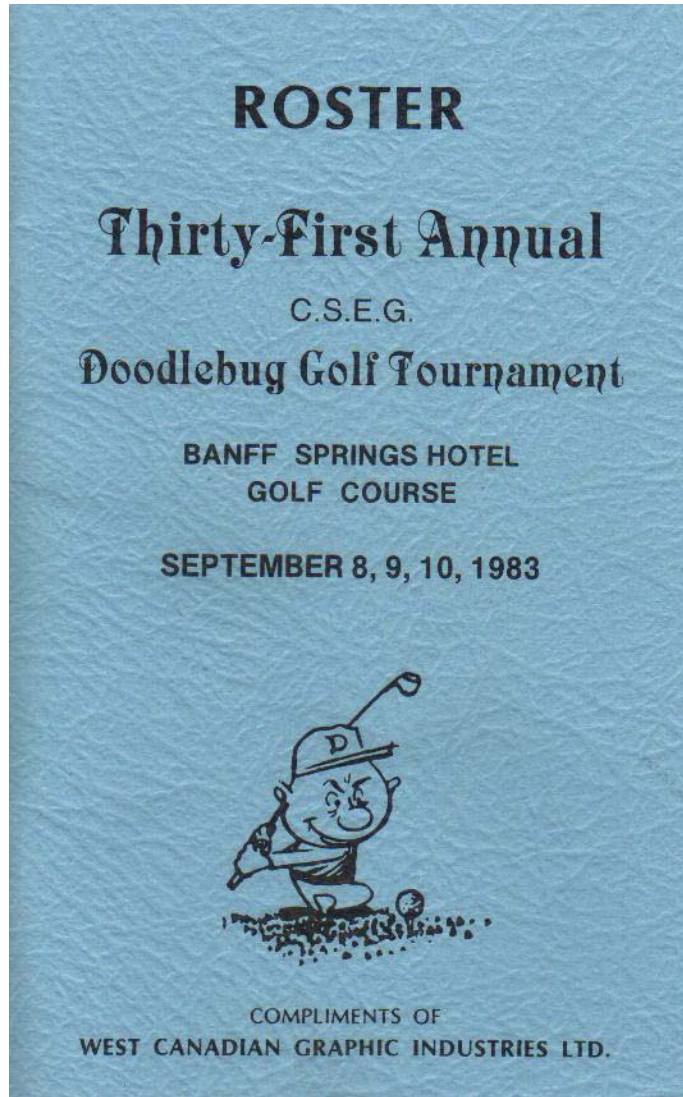

Oil patch activity in 1983:

- First OPEC oil price cuts – from US\$32 to \$29
- Crude oil futures begin trading on NYMEX
- Iran – Iraq war causes biggest oil spill in Persian Gulf history
- Dome begins restructuring and selling assets

1983 Highlights:

- Thatcher's second term as PM
- USSR shoots and destroys South Korean flight 007.
- Camcorders are introduced.
- US invades Grenada; more medals are handed out during the invasion than during the entire Vietnam War
